EXPERIENCE

Jan 2017 - Present

Freelance, Birmingham (UK) - Art director & Graphic designer

KAWASAKI MOTORS EU. I've been working on the WorldSBK Championship celebration campaign for two years. Providing the main design of the campaign and adapting it into different media. I also provide off-line advertisement and on-line campaigns.

PIRELLI MOTORS. I've become the external resource for projects that need efficiency and speed as well as quality and good work. Advertisement (digital and traditional), graphic supports for stores, motorbike design...

BUBEL BARCELONA. Marketing and publicity, on-line and off-line campaigns, packaging, web design, concept and art direction, catalogues and brochures, managing photo shoots, liaising with suppliers... I provide more than graphic support, accurate and high-quality design work across all media, I'm a creative thinker solving problems to cover all needs at the time.

VOLEY TEXTIL SANTANDERINA. I designed the new official team kit for the 2018 – 2019 season. Currently working on the new merchandise.

GIRL DREAMER. I redesigned the corporate identity due to the need for a change of image towards something more professional to gain reliability and strength. The result was a new versatile, fresh and flexible brand. In 2019 I joined the team as Head of Design.
